Dear Mr. Field,

I received in due time your letter dated 20th inst. arrived here the 24th. but it had no\$ special mark to show which service it took; in fact it was not quicker or slower than other mails.

To day I am remitting you a copy of the current air letter of Egypt printed since last June on paper watermarked in arabic "Al Bareed Al Masrieh" which means Egyptian Postage. in fact this is the watermark previously used on all the entires issued before the war.

I hope that you will be interested to have it and to chronicle it in The Aero field.

Yours faithfully,

Jean Boulard
