S I R ,

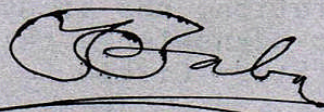

With reference to your letter of the 10th instant, I beg to refer you to the accompanying sketch *A* as the easiest way of answering your questions. The stamps should have the pieces 1, 2, 3, and 4 moveable and in blank while the space intended for the date should be grooved as usual, and the usual box of date type is also required.

As regards Stamp Model B what is required, are two stamps exactly similar to Model B.

I have the honour to be,

Sir,

Your obedient servant,

POSTMASTER GENERAL.
